Congratulations to our March Gold Rush Winners!

Hello

Firstly we should start with Covid-19 and how we are all coping with the country's current lock-down.

The Parts Connection group of companies are all closed due to the Alert 4 response to Covid-19. We have taken the Government's Alert 4 status seriously and feel that for the safety of all our staff and families as well as you our customers and your families we will remain closed until further notice. The purpose of the Alert 4 lock-down is to stop the spread of Covid-19. The most effective way for us to do this is staying at home during this time, our staff and families can stay safe inside their bubble and when Alert 4 is lifted and its safe to do so, our teams will return to work healthy, rested and looking forward to seeing you all again. Keeping people safe means more to us than trading at this time!

Meanwhile during the lock down the Parts Connection head office has moved home, one of the first upsides I noticed was my new daily view of the neighbours gorgeous garden, slightly different to the containers, trucks, forklifts and cars which is my usual daily 'work' sight! I am also lucky to be able to watch the increased walkers in my neighbourhood, every man and his dog are trekking the streets lately soaking up the beautiful weather we have been having. Bubble life seems slightly surreal with an occasional trip to a supermarket and a daily walk or two being the only reason to leave the confines of the house. I even realised the other day that the two strangers living here were in fact my own teenage children whom I haven't had the pleasure of seeing much of for a very long time! Lock-down has some advantages it seems and I wonder how we will all return to the fast paced lifestyles when this is all over.

Right, let me tell you what has been happening at Parts Connection during March! Our Gold Rush promotion has taken off and we have had loads of lucky gold nugget cards checked since it began. In March we had loads of Gold Rush winners, with one in particular winning the Jackpot Gold Nugget worth \$15,000. Seeing the instant winners come through has been so exciting and you can see who they are further down this email. Just a reminder if you have unchecked Gold rush cards please make sure you check them. The gold rush site pcgold.co.nz is still up and running during the lock down and there are still gold nugget prizes out there to be won!

I have included a newsletter competition for you, I know its been a while but I thought we might all need a boredom buster while we are stuck at home..make sure you email your answers back to me once you have completed it.

Lastly we hope that you and your family remain safe and together during this difficult time and be kind to one another. If you do need to contact a Parts Connection member during this time and are having difficulty locating someone please do not hesitate to email **Parts Connection** and we will be here ready to help you.

Stay Safe
Pam & The Parts Connection Team

March Gold Rush Jackpot Winner
Village Panel Repairs in Havelock

North

In early March I was pleased to visit Shane & Ange from Village Panel Repairs in Havelock North along with James Pakoti their Capricorn Account Manager to present them with their lucky gold nugget worth \$15,000 when they won the Jackpot prize of 1.5 million preferred supplier bonus reward points.

Lock-down Funnies

We are all in this together...
sometimes a little humour can get us

through it !

This is Wilson. He is now working from home 😊

PEANUTS

Corona virus has turned us all into dogs. We roam the house all day looking for food. We're told 'no' if we get too close to strangers. And we get really excited about car rides.

When this is over...
What meeting do I attend first...
Weight Watchers or AA?
